

Open Space Discussions

Rather than restrict participant discussion to a few workshop themes, we have decided to use a version of open space discussion. This means that participants are free to choose their own theme and to move from one discussion group to another during the course of the day.

Participants will be invited on the day to suggest discussion topics. However, if you would like to make a suggestion in advance of the conference, please contact us using the details on the back of this form.

The Equality for All Conference is organised by the Equality Network

The Equality Network campaigns for human rights for lesbian, gay, bisexual and transgender (LGBT) people in Scotland. It aims to bring about changes in the laws and institutions of Scotland to remove the inequalities facing LGBT people.

Your Scotland is an Equality Network project funded by a grant from the Scottish Executive, with the aim of involving LGBT people throughout Scotland in helping to shape Scotland's laws and policies.

We are happy to provide this form in an alternative format if required.

Who Is It For?

All lesbian, gay, bisexual and transgender groups, businesses and individuals and all supporters of LGBT equality in Scotland.

What Are The Aims?

What are the priorities for LGBT equality in a new Scotland following recent changes in the law?

To give LGBT people a voice; in policy considerations, in advance of the 2007 Scottish elections.

To promote networking and foster co-operation within the diversity of our communities.

Why Should You Come?

With new laws like Gender Recognition and Civil Partnership, legal equality for LGBT people is almost done but we still do not have real equality. Now is the opportunity to set the new agenda to tackle the prejudices we still face.
